

EXQUISITE BATHROOMS

# Introduction

Dear Customers,

Hafele has pioneered the way fittings are sold in India for over 12 years. Being a German company our foremost concern has always been to offer our customers, premium quality products at approachable prices paired with solution based services. Taking this proposition to a new reality, Hafele now introduces its 'Exquisite' range of Bathroom Fittings and Accessories under the '**Aqua Trendz**' brand. The inspiration for this new series of Bathroom solutions stems from the fact that bathrooms are now being perceived as recreational hubs within homes that serve much more in experience than mere utility. This means that the hours spent in a bathroom today are an amalgamation of personal hygiene as well as empirical moments of relaxation.

Whether it's an energizing shower first thing in the morning, a quick shave before work or an elongated, lingering candlelit soak before bed, Hafele's new bathroom fittings falling under the Aqua Trendz Range lets you convert your bathroom into your very own wellness center. The new collection of overhead shower systems, bathroom faucets, fittings and accessories falling under the umbrella range of Häfele Aqua Trendz is characterized by clean lines and distinctive aesthetics thus enhancing your bathroom space with unique and breath-taking designs. The new and exclusive Aqua Trendz catalogue takes you through the exquisite collection of all products falling under this range, providing you with holistic bathroom solutions from one source.

Through its range of Aqua Trendz Showers, Hafele reinstates its commitment towards the environment as all fittings incorporate an air technology where air and water blend to save almost 1/3rd of the actual water consumed, without having you to lose any enjoyment of your shower experience. This new range, consisting of overhead showers as well as hand showers, is pre-fitted with a flow restricting device which restricts the water flow rate to less than 9 Litres/minute, thereby conserving the most precious resource. It encompasses models which exhibit up to 3 functions, i.e. Rain Spray, Pulse Spray or a combination of both sprays.

To perfect the Aqua Trendz Bathroom Collection, Hafele introduces

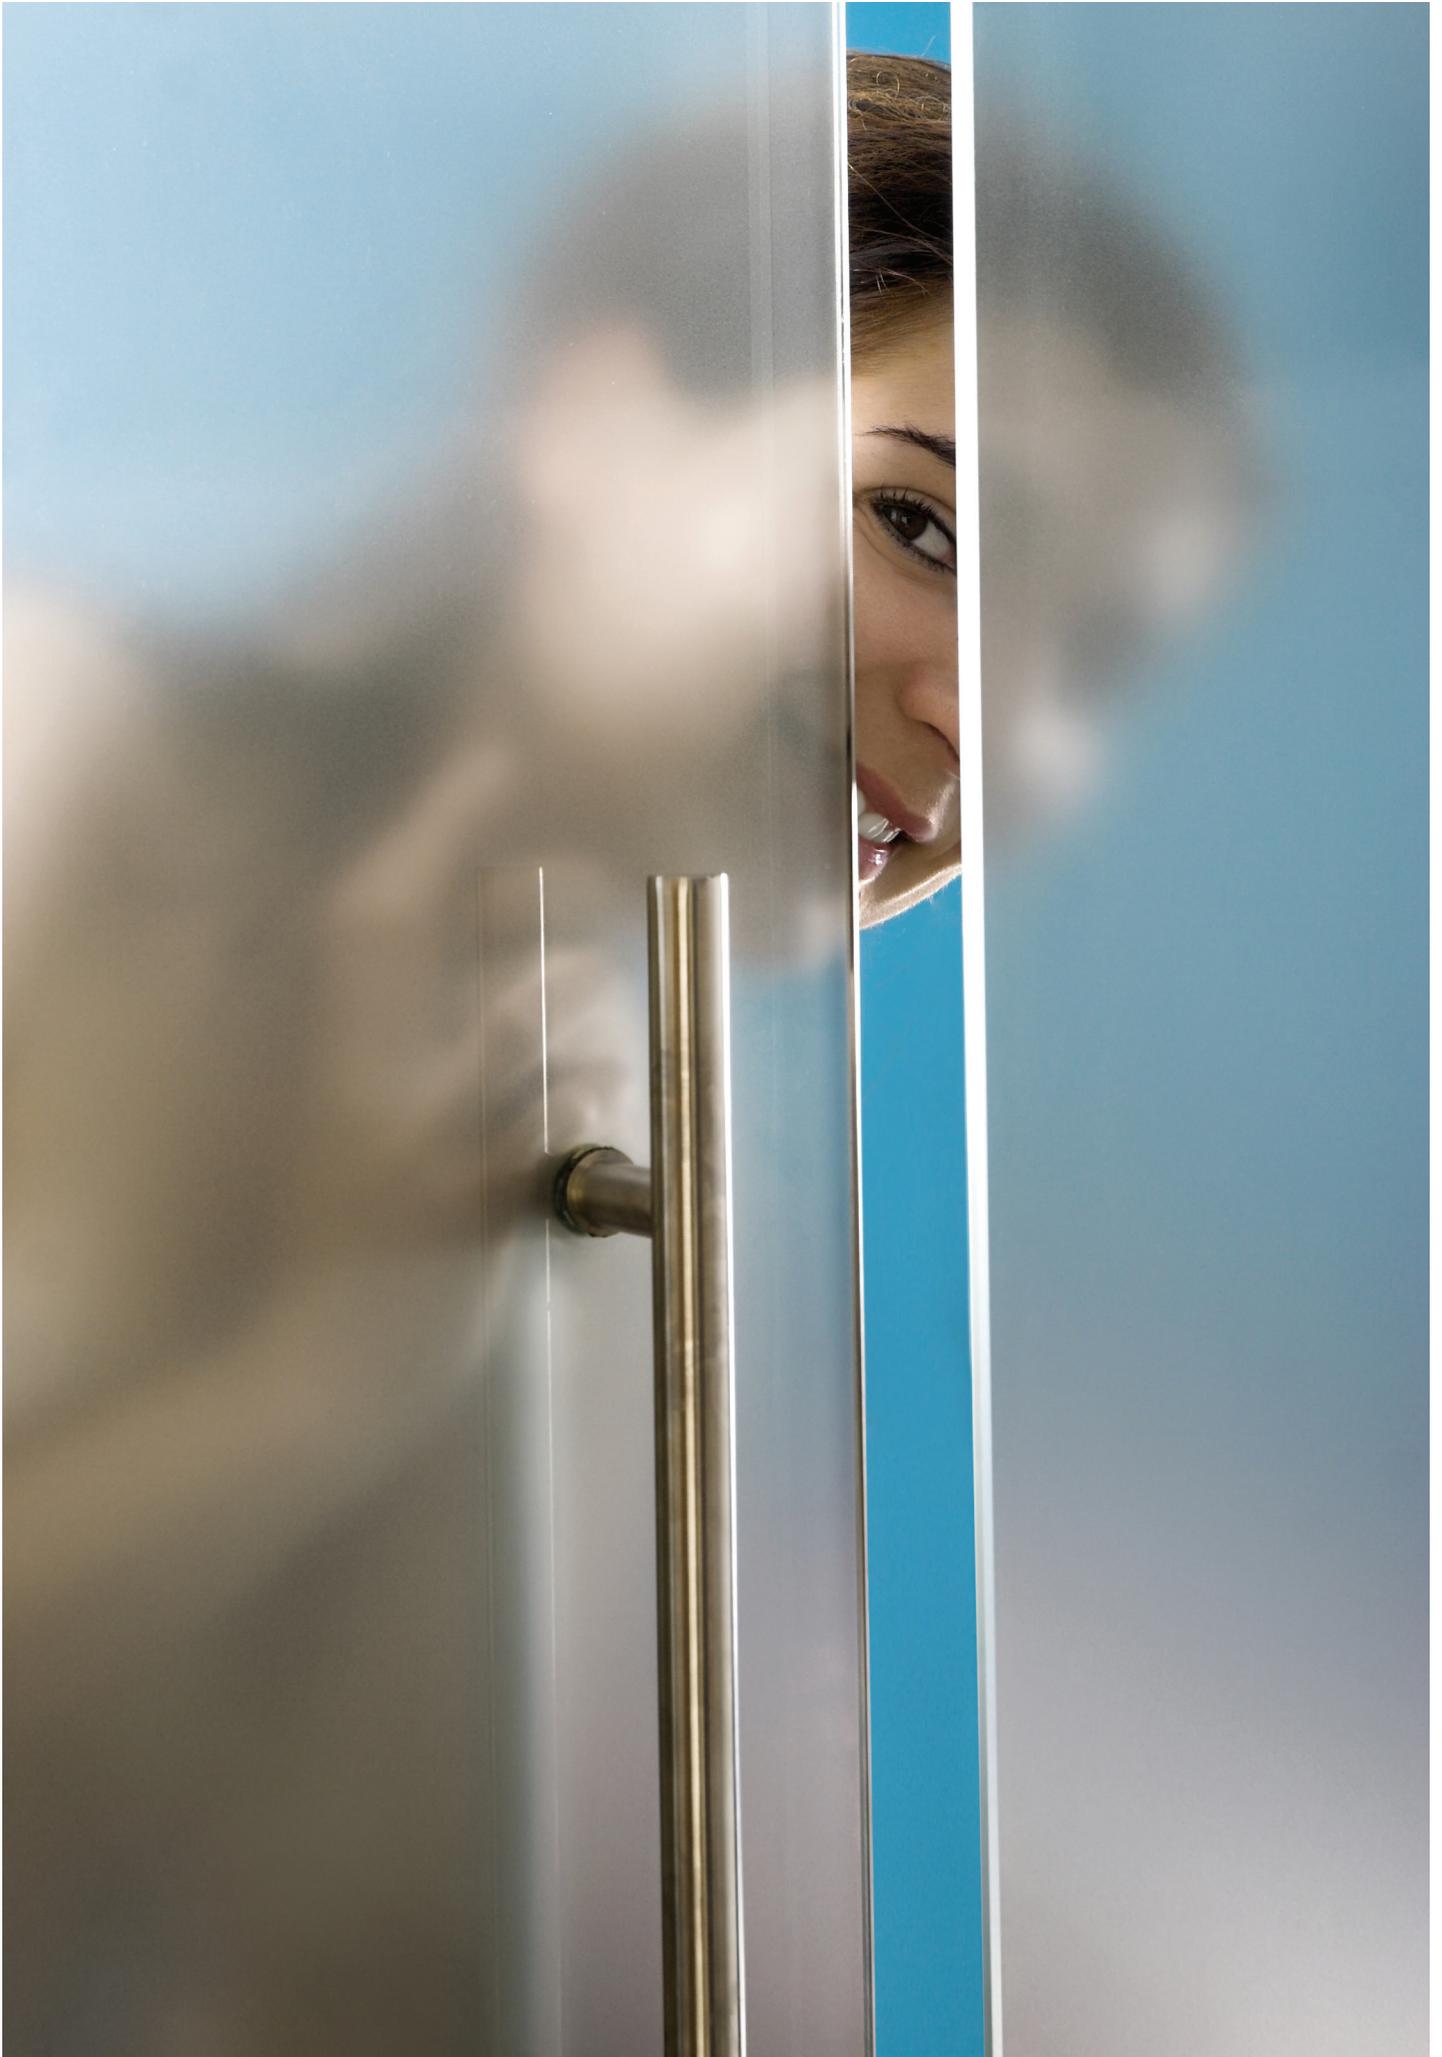

a range of designer faucets conceptualized, conceived and crafted in Italy, the epicenter of fashion. These faucets help individualize your bathroom with innovation, ergonomics and technology. The elegant curves, the meandering frames and the geometric outlines of these faucets help amplify the classiness of your dream space. The exquisite designs and subtle form of these faucets induces pure admiration and accolades. All the series of Aqua Trendz faucets are recognized for their low operational noise level and a flawless water flow quality even under difficult flow conditions.

To enable the astute installation of Hafele's new range of showers and faucets, we offer you a supporting range of bathroom fittings comprising of wall brackets, hooks, elbows and arm supports. We also understand that no bathroom is fully functional without the detailed placement of the right accessories at the right places. Our new holistic range of bathroom accessories comprises of shower rails, shower arms, soap dishes and dispensers, towel racks, bars and rings to name a few.

So help us plan your bathrooms and make them 'exquisite' with unparalleled functionalities in the form of showers, faucets and accessories from Hafele's newest bathroom collection: Aqua Trendz. Live exquisitely; Live very Hafele!

Enjoy.

Jurgen Wolf.

# Hafele faucets

Hafele continues in its endeavour of developing new designs based on radical technologies to bring in tangible benefits for its consumers. To perfect the Aqua Trendz Bathroom Fittings range, Häfele introduces a range of designer Bathroom faucets conceptualized, conceived and crafted in Italy, the epicenter of fashion.

These faucets, engineered by Hafele, help individualise your bathroom with innovation, ergonomics and technology.

The elegant curves, the meandering frames and the geometric outlines of these bathroom faucets help amplify the classiness of your dream space. The collection of these exquisite designs and subtle form induces pure admiration and accolades.

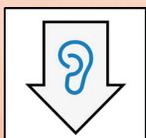

These collections of bathroom faucets are recognized for their low operational noise level and a flawless water flow quality even under difficult flow conditions. They are integrated with a Water Sense Technology which helps save 20% more water as compared to the volume of water consumed in normal day to day operations.

Made in Italy

Water Sense Technology integrated within, helps save 20% more water as compared to the volume of water consumed in normal day to day operations

Low operational noise level

Flawless water flow quality even under difficult flow conditions

Finish: Polished Chrome

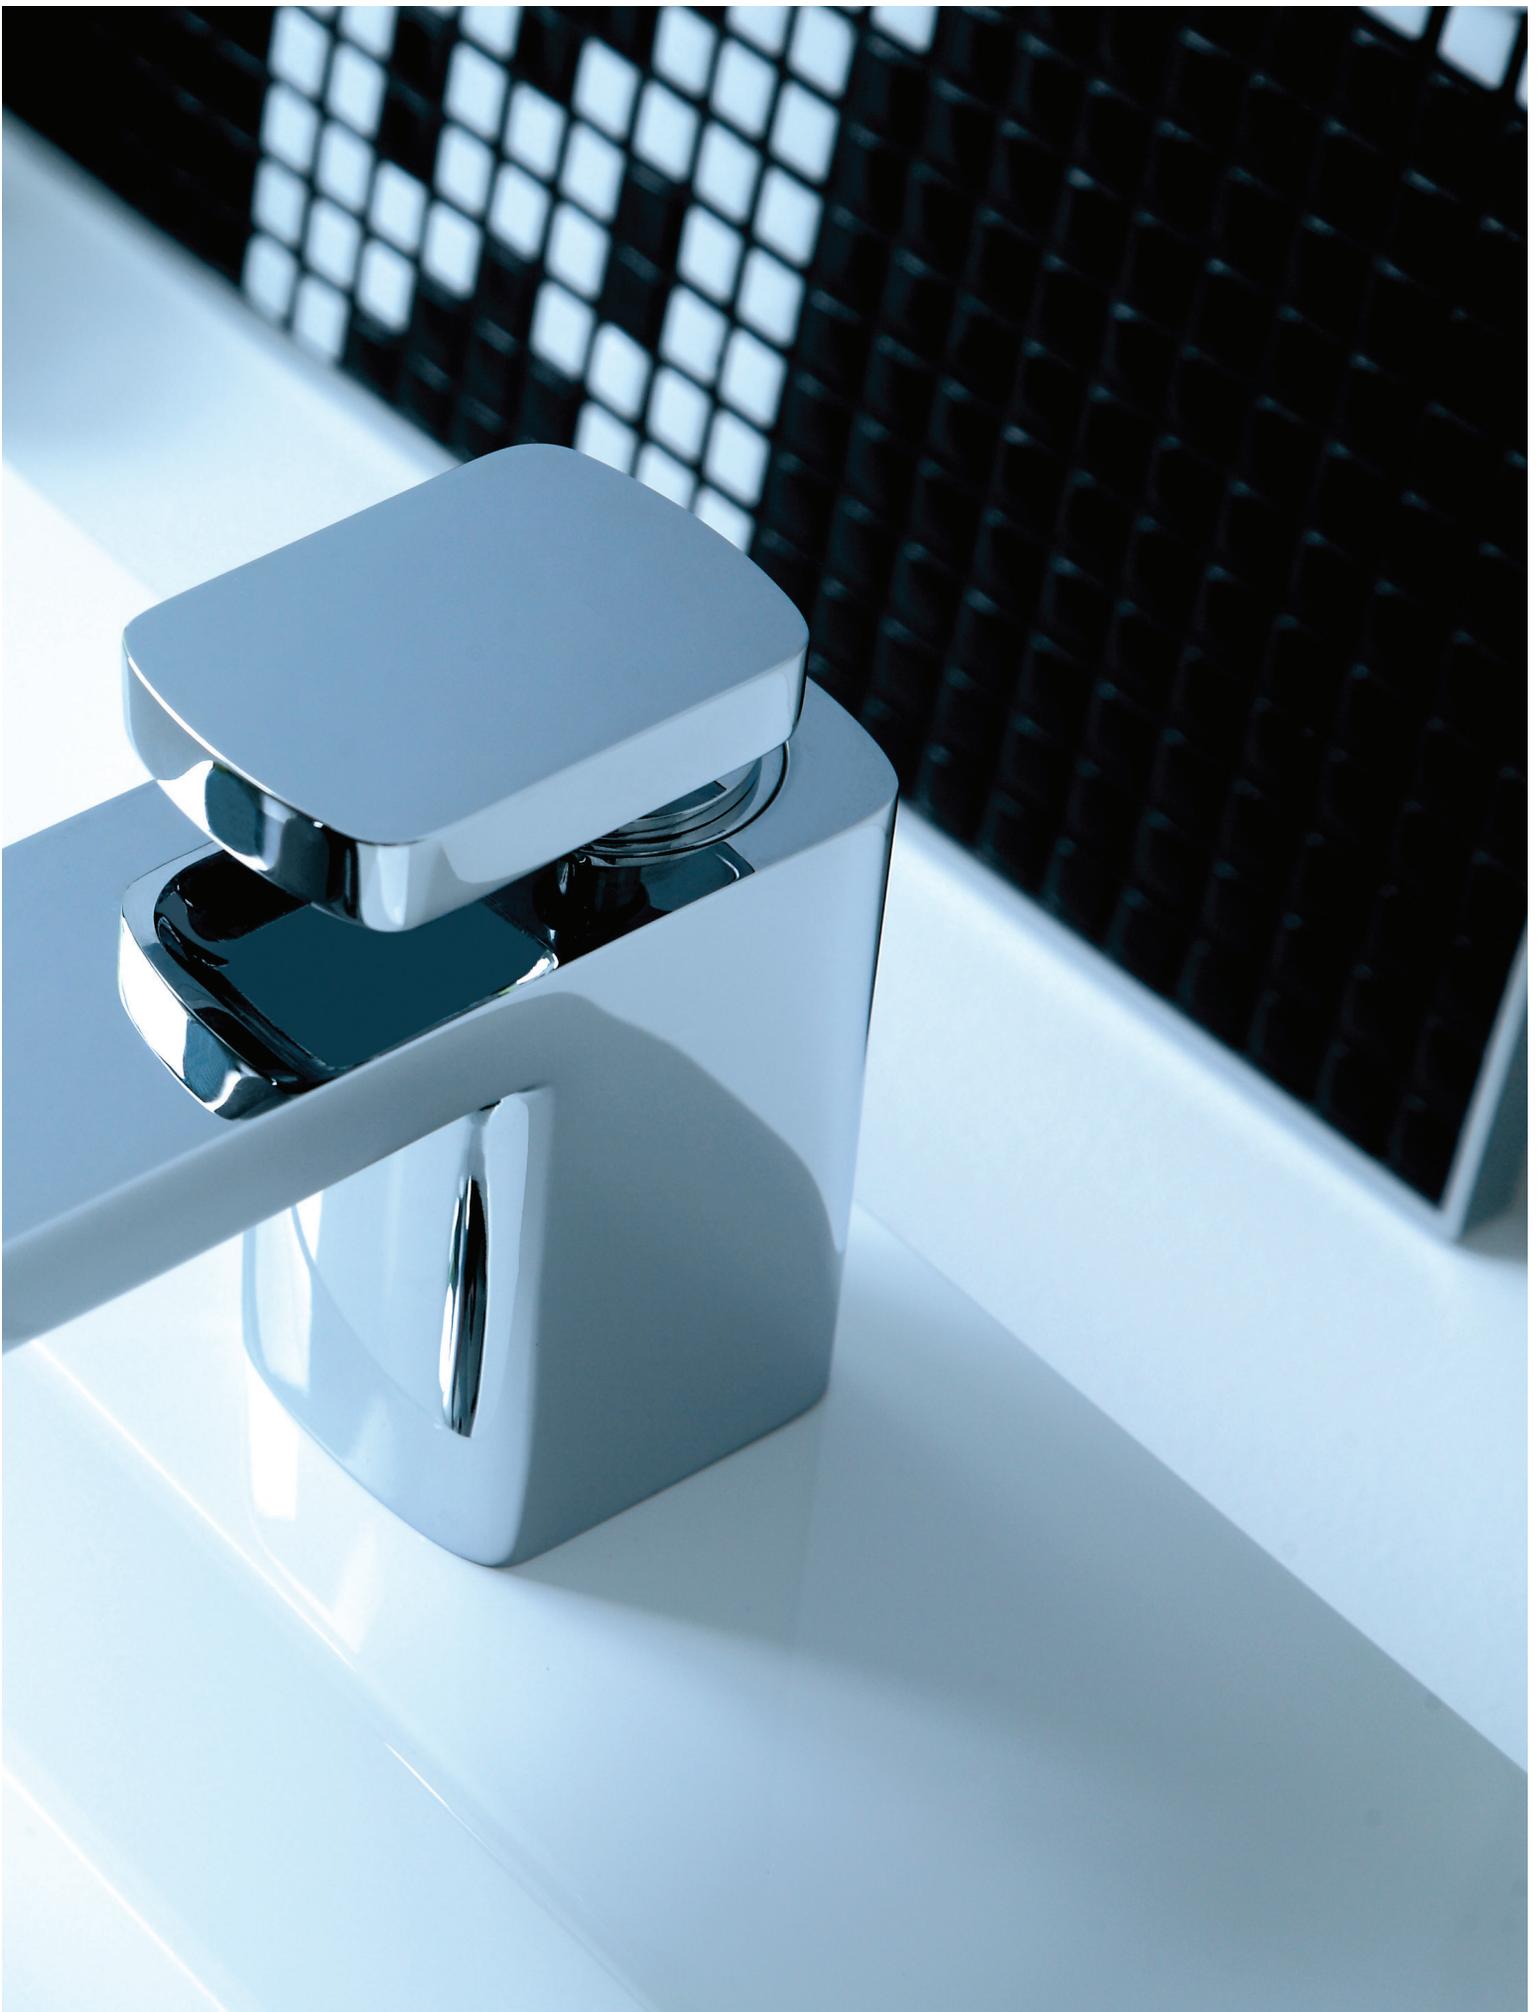

10 years warranty against faulty manufacturing and operational defects

# Hafele Showers and Bathroom Fittings

## Overhead Showers and Hand Showers

Hafele, through this range, illustrates its commitment towards the environment as all fittings incorporate an air technology where air and water blend to save almost 1/3rd of the actual water consumed without having you to lose every enjoyment of your shower experience. This new range, consisting of shower overheads as well as hand showers, is pre-fitted with a flow restricting device which restricts the water flow rate to less than 9 Litres/minute, thereby conserving the most precious resource. It encompasses models which exhibit upto 3 functions, i.e. Rain Spray, Pulse Spray or a combination of both sprays.

These shower systems are made from Stainless Steel Grade 304 or high quality ABS and are plated with a radiant Chrome finish thereby imparting a shiny pristine look that resists soiling and tarnishing. The fittings include soft rubber plates and nozzles which can be moved by the fingers to prevent any buildup of Limescale and blockages.

## Bathroom Fittings

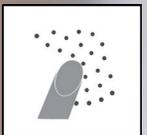

To enable the astute installation of Hafele's new range of showers and faucets, we offer you a supporting range of bathroom fittings comprising of wall brackets, hooks, elbows and arm supports. These fittings are made of high grade brass making them highly sturdy and durable. The chrome-plated finish adds to the surface protection while providing a complementary elegance to match the aesthetics of the showers or faucets.

Water Saver products reduce the consumption of water (35% water saving), energy and the emission of CO2 up to 50%.

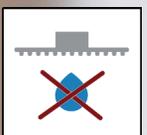

Active Air - Water is enriched with air. An audible invigorating showering pleasure.

Easy cleaning of the Nozzles to prevent water scaling and blockages.

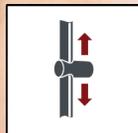

Diamond Shine Fully chrome plated Face Plate.

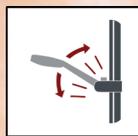

Drip Stop – reduces dripping Time of the Showerhead.

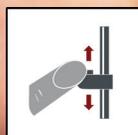

Flexi Fit 180 - Free Positioning of the Showerhead. Swiveled.

Free Fix - Adjustable Bracket to use existing bore holes.

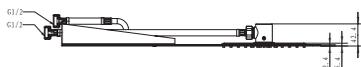

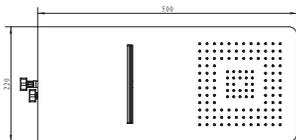

Stay Fix - Easy and smooth Angle adjustments to your Hand Shower.

One-Push-Positioning - Single handed Height adjustment.
